Long (below shoulders) -----	FROM \$390
Purple Long Lasting Cezanne for blondes -----	additional \$20

Cezanne Keratin Smoothing Treatment.

Cezanne delivers long-lasting frizz control and smoother, healthier-looking hair—without harsh chemicals or fumes. This formaldehyde-free treatment uses silk protein (sericin), keratin, and botanical extracts to strengthen, soften and reduce styling time by up to 30%.

Ideal for frizzy, textured, colour-treated or dry hair, Cezanne keeps your natural volume and movement while controlling humidity—even in summer. Results last up to 3-4 months with proper care.

To extend longevity, use Cezanne home care, sulphate-free products, limit frequent shampooing, protect from heat, and avoid salt and chlorine exposure.

Cezanne is a safer keratin that delivers smoother healthier hair without the harsh chemicals. (Including for pregnant women).
